

Special Option

Open post system - H:2000 mm

Hygienic machine guarding

Modular machine guarding that satisfies the highest requirements for hygiene, ease of cleaning and safety of the food industry.

- Open posts ensure optimal hygiene and cleanability.
- Adjustable in both height and width on-site.
- Increased strength due to additional bends across each panel.

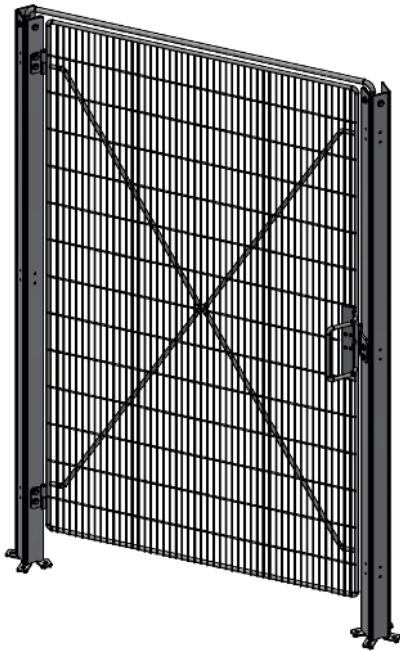

Width - Choose your desired width from our standard modules which are 1000 or 2000mm and can be cut to size for every 20 mm.

Height - Standard posts are 2000mm tall and allow 130mm clearance at the floor.

Dimensions

Description	Dim. in mm
Module width	1000/2000
Mesh width	923/1923
Post height	2000
Mesh height	1870
Clearance	130

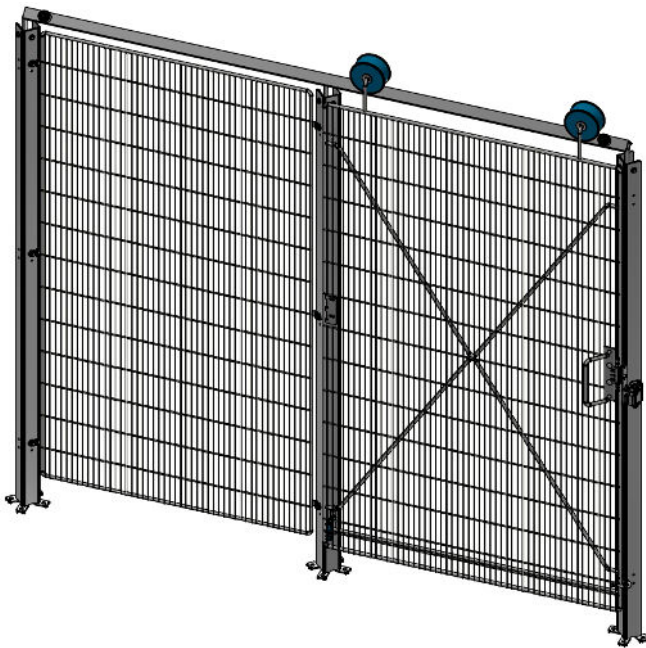

Door options and sizes

Standard door - 1000 mm

Description	Dim. in mm
